Reporting on code enforcement activities for Jan-Feb 2024

I have been doing fire inspections

I have looked into a couple complaints one for an apartment going in upstairs on Homes street, he just closed off a door so his daughter and her friend have there own space upstairs. One complaint was about a demo of an old camper, and they burn it at night, they were instructed to call DEC if they are burning things that should not be burned. One on Main Street for rats I did call around the house that the neighbor thought they were coming from is vacant but has no rat issues as of now.

I have finished and turned in my yearly report for the state.

Thanks to all Lady's in the office for their help
