

# Village Board Meeting

## January 2024

### Streets

- 2011 truck went to McCarthy tire for front end repairs.
- The Guys handled the first winter “storm” very well.
- Marks truck needs winter tires. Waiting on McCarthy tire for pricing.

### Water

- Plant is running smoothly.
- Our annual inspection went very well.
- Our comprehensive performance evaluation will be the week of May 6<sup>th</sup>.
- Must repair both power boxes for filter turbidity meters. We think the fuses blew in both.

### Sewer

- The plant is running fine.
- Mark passed his exam for the Basic Operations Course. He went to Morrisville last week for his laboratory class. He has one left in February for Activated Sludge.
- Will be working with Lamont engineers soon regarding Warnerville sewer project.
