

# Village Board Meeting

## October 2023

### Streets

- Still mowing and trimming. Just not as much as before with the colder weather.
- Plan on trimming up the trees along Main St for better visibility exiting roads and driveways.
- Must check some elevations behind the firehouse before the contractor can do the drainage project.
- The bridge project should be underway by now or starting very soon.

### Water

- Plant is running smoothly.
- Received our parts for the shut off job for Creamery Rd.
- Waiting to hear back from the DOH regarding a date for our annual inspection.

### Sewer

- The plant is running fine.
- Just a reminder, Mark is scheduled for his first of three classes at SUNY Morrisville on November 6<sup>th</sup> through the 17<sup>th</sup> with a break during that weekend. He has also signed up for the next two classes he needs. They are both one-week classes and are in January.
